PERSONAL PROFILE

Second year mechanical engineering student with hands-on project experience looking for a summer internship in engineering.

EDUCATION

BS in Mechanical Engineering, University of Colorado Boulder

Expected Graduation: May 2029

SKILLS

Fabrication: SolidWorks, 3D Printing, CNC

Programming: Python, C#, Linux Administration, OpenCV

Languages: English, Spanish

Other: Electronics Prototyping, Motor Control

ENGINEERING EXPERIENCE

Phone Puzzle-Solving Robot, Independent Project

Summer 2024 - Summer 2026

- Designed and fabricated a mechanical device that taps a phone screen to solve a puzzle game
- Used computer vision in Python to interpret and solve the puzzle from the phone screen in real time
- Wrote two scripts communicating over serial for puzzle solving and motor control
- Completed independently through 3 prototypes, refining the design and code without instructor guidance

Raspberry Pi NAS, Independent Project

May 2026 - July 2026

- Built and deployed a self hosted raspberry pi server using OpenMediaVault and Docker in Linux
- Set up TailScale VPN for remote access to the server outside of the network

LEADERSHIP EXPERIENCE

Tennis Coaching Fellowship, Denver Tennis Park, Denver, CO

May 2025 - August 2025

- Coached students ages 8–16 in fundamentals, footwork, and match strategy
- Completed a total of 100 coaching hours, including 15 hours of unsupervised coaching

Volunteer Swim Coach, Special Olympics Swim, Denver, CO

May 2025 - August 2025

- Volunteered as a swim coach for Special Olympics athletes across 2 seasons
- Coached multiple athletes and assisted with swim meets
- Adapted coaching style in order to meet individual the needs of each athlete

ADDITIONAL WORK EXPERIENCE

Lifeguard, Denver Parks and Recreation, Virginia Vale Swim Club

Summers, 2023 - Present

- Certified lifeguard for 3.5 years at two aquatic centers, a private club and a recreation center
- Monitor patron safety and make fast decisions in emergency situations

INTERESTS

Skiing, outdoor activities, martial arts, physical fitness
